

JT Dove Hownsgill

Client Project Genesis Limited

Architect Shadbolt Architectural

This project consisted of the construction of a new depot for building and plumbers merchant JT Dove.

The new 11,000 sq. ft depot will comprise of a retail unit with associated external works and landscaping.

The project forms part of a larger estate which will be in development in the coming years, featuring buildings of contemporary two-storey form and modern elements such as feature entrance canopies and curtain walling, adding quality to the development.
